

ABLOY® DISKLOCK PRO

KEY DEPOSIT

The unique ABLOY® DISKLOCK PRO rotating detainer disc cylinder provides superior master-keying possibilities with vast number of combinations. It offers optimum resistance against physical attack and picking.

ABLOY® DISKLOCK PRO key deposits are commonly used for storing route keys to apartment complexes, office buildings and factories.

Route keys can be of use to utility companies such as electricity, telephone, gas or cable TV companies as well as fire departments.

Route keys limit service people to access only those rooms where their equipment is installed. It also allows for the convenience of only having to carry one single key which can operate thousands of ABLOY® DISKLOCK PRO key deposits.

The ABLOY® DISKLOCK PRO key deposit cylinder allows each company to have their own unique key combination. The cylinder can be ordered keyed different, keyed alike or master keyed.
